

To whom it may concern,

Hello! My name is Bailey Wickham, I am hoping to move to Portugal on a D7 residency visa with my girlfriend Katrina Shuping. We are planning on moving to Lisbon, we have a rental apartment to stay at for the first six months in Lisbon with the intention of extending our lease if we like it. We have prepaid for the first month's rent there. We are also interested in seeing other parts of Portugal like the Azores and Porto. We are planning on arriving in Lisbon on August 1st after visiting France in July. We both plan on continuing to work remotely while there. I work as a software engineer and plan on continuing to continue to work from Portugal, including doing consulting or other entrepreneurial work.. We both also have more than the minimum amount of money required in our bank accounts (See my First Tech bank statements). I have verified I have access to this money from abroad and there isn't any problem withdrawing it there.

After graduating from California Polytechnic University, I want to move to Portugal to see more of the world and explore what it's like to move to another country. We want to move to Portugal to experience a new location and culture, we have both heard only good things. After talking with the Portuguese Consulate in Hawaii (Tyler Dos Santos) we decided that Portugal would be an amazing place to explore. I am looking forward to moving to a new and interesting place! Coming from Oregon, USA, I've heard that Portugal is similar in some ways yet also very different. I'm excited to see different parts of Portugal.

Thank you!
